

# Who Is Michelle Obama?

HAVE FUN!

By Megan Stine

## DISCUSS

**Talk through your thoughts.**

- Talk with someone about what life is like as a President's wife. Has it changed through the years?
- Look at the timelines on pages 106-7 and compare and contrast the information from both timelines. What do you think?

## CREATE

**Make an experience of your own.**

- Make a "Who Is" book about you or a family member like a grandparent. Share it with others.
- It is an honor to design something for the First Family. Create a design (clothing, a meal, garden, a White House room, or even a dog idea!) of something you would like to show to Mrs. Obama.

## IMAGINE

**Use your imagination to explore.**

- This book was published in 2013 and there are more current events about Michelle Obama. Find out more important facts and details about what the First Lady is doing now.
- Imagine a woman as our President. What will it be like to have a "First Man" in the White House?
