

Summer Camp Science Mysteries: 3: The Hunt for Hidden Treasure

HAVE FUN!

By Lynda Beauregard

DISCUSS

Talk through your thoughts.

- This graphic novel is a fiction story with science facts. Walk through the book and talk about where these details are included.
- Find the mysterious words on page 46. Read through these words and talk about the definitions.

CREATE

Make an experience of your own.

- With permission, try one of the experiments on page 45.
- Make your own book. Will it be a graphic novel? A mystery? Who are the characters? When and where is the setting?

IMAGINE

Use your imagination to explore.

- Imagine there is a treasure to be found in your home and play a treasure map game. Get creative! Find other people to play with you and take turns making maps and hiding treasures.
- Explore outside and look for geological evidence – rocks and more!
