

Need It or Want It?

By Colleen Hord

DISCUSS

Talk through your thoughts.

- This book describes the difference between a need and a want. Have you ever thought you needed something that you didn't really need?
- Have you ever donated food, clothing, games or toys in order to help other people get the things they needed and wanted? How did that make you feel?

CREATE

Make an experience of your own.

- Talk to your parents about donating some of your own things you no longer use. Go through your closets, drawers and toys and make a donation pile.

IMAGINE

Use your imagination to explore.

- What are other things you can do to help your community besides donating your used items? Make a list and talk to your parents about ways you can help people in your community get the things they need and want.
