

# Sal and Gabi Break the Universe

By Carlos Hernandez

HAVE  
FUN!

## Discuss

Talk through your thoughts.

- Sal offers advice on how to deal with bullies. What do you think of his advice? What would you do differently?
- Sal and Gabi are not friends at first. What changes that?

## Create

Make an experience of your own.

- Try to learn a magic trick of your own. Once you have it down, show your magic trick to a family member or friend.
- Create a flyer for the Everyman play that was performed by Sal and Gabi. What details would you add to get people to come and watch the play?

## Imagine

Use your imagination to explore.

- Imagine you had access to a parallel universe. What would you hope to find there?
- Imagine you are one of the characters in this story. Choose your favorite character and write a journal entry for that character. What would your character say? How would they feel?
